Subject: Senator Inhofe letter to the Administration on EPA activities related to hydraulic fracturing sites

Mathy, here is a another letter that I think you should be aware of. Senator Inhofe wrote the Administrator posing 15 questions related to EPA's enforcement and other activities in Parker County TX, and one question related to Pavillion WY, and Dimock PA. He expresses concerns that there appears to be an Agency bias against hydraulic fracturing. OCIR is assigning the response to OECA, however Region 6 will undoubtedly need to provide information and OSWER may need to provide some information for the response.
